the ministers of Atlanta would pass in their denunciation of the man who sells a good bottle of beer when he might be selling a bad one, and that if they were to judge of their ability to perform, these might be fewer divorce cases before me each year," said the statement made yesterday by the Hon. W. D. Ellis, of superior court, as he was about to take the oath in the midst of granting some twenty divorces.

"The Catholics are about the only people who will give me and the only ones who think that might be a good thing," he said.

Some sixty divorces have been granted out during the last days of this week that have been dated as undefended divorce cases. Something like 100 more are in the files in Fulton county and the number seems to be growing as fast, or faster, than the population of the wonderful city.

Judge Ellis said that the Constitution for the cause of the wife is a very good one, and that the drinker does not know his own soul of intoxicants; at least, he has never been known to know it.

New York, October 12.—A new star blazed forth in the world's series baseball firmament today when Leslie Bush pitched the Philadelphia Athletics to victory over the New York Giants in the third game of the championship struggle by a score of 5 to 0. Bush was materially aided in his rush to a pedestal in the baseball hall of fame by the savage batting of his team-mates, but the major portion of the glory was accorded by both fans and players to the youngster who

While his pitching was not as spectacular as that of the veterans Max Baer and Plank, yesterday's box work was of the caliber that entitles him to a niche alongside Husk Sedent, of the Boston Red Sox, and "Babe" Adams, of the Pittsburgh Pirates, who performed similar feats of twirling valor in past world's series.

So effective was Bush's pitching that the Giants secured but five hits and the loss of a world's series was inevitable. Only three of the twenty

seven pouts, credited to the Athletics were made outside the infield and there were innings on a stretch when the Giants never drove the ball out of the diamond.

Bush made his leap into the limelight under the most favorable circumstances. He had just heard his teammates tore into Teasden with fusillade of rape in the first two innings that netted five runs and relieved the youngster of the strain of pitching with the margin of safety narrow or entirely missing. This was particularly true of the first four Athletics.

First Four Hits.—Murphy, Eldred, Collins and Baker were the mainstay of the twinning of the Philadelphia Athletics club, and these nine hits scored 7 runs that made the victory one-sided. The eighth run was a terrific home run by Schang into the first end of the right field stand.

In contrast to this vigorous assault on the offerings of Tesreau and Crawford, the Athletics scattered through nine innings the most of the Giants' efforts with the bat. Not a single National league representative

The Athletics' latest twirling star who will not be twenty years of age until November 27, did not pitch phenomenal ball but his delivery had entirely too much speed and break for the Giants to grow familiar with during their first introduction to St. Brainerd, Minn., hurler.

The victory of Bush, who hails from the same town as "Chief" Bender, was exceedingly popular with the Athletic players and the club adherents.

ROTATION URGED TO ENRICH LAND

Farm Demonstration Workers, in Three Days' Session, Discuss Plans to Improve Agriculture.

Special stress was laid on the importance of crop rotation at the first day's meeting of the north Georgia branch of the Farmers' Cooperative Demonstration workers, which began a three days' session in the chamber of the state senate at the capital yesterday.

The demonstration work is under the direction of the United States department of agriculture and the state college of agriculture, with State Agent J. Phil Campbell, of Athens, in charge.

Agents in the northern district doing work in twenty-seven counties.

H. E. Navely, of Washington, D. C., general field agent in this territory, made an interesting talk on various crops for three and four-year rotations in Georgia.

The rotations which he suggested, which the agents are quite a number, will be pursued in the demonstration work in Georgia.

Plant Oats and Clover.

Another feature upon which stress was laid is to plant the plowing, oats, clover and other winter legumes this fall. Not only is the planting of these foodstuffs urged in order to prepare the farmers for the advent of the cold weather, but also in order to enable them to be independent of other markets.

Then it was shown by a number of examples, cited by the demonstrators, that the productive power of the land had been greatly increased by crop diversification.

It was also urged that the demonstrators secure the cooperation of the school children, which they were working and to use them in the demonstration work.

Barbarous Conditions Exist In Negro Schools of Atlanta

My home body.

As many as 1,000 negro children of school age are without the streets of Atlanta today because there is no room in the public schools for them.

As many as 5,000 negro children have only three hours a day schooling, because of the double grade system, whereby one-half of the children who can get seats go to school in the morning and the other half in the afternoon.

The same teachers who teach six children in the morning and six in the afternoon, teach only three in the morning and three in the afternoon. How can they do it?

TESTIMONY OF GIRL GIVES WIFE FREEDOM

Two Pretty Women on Stand Attract Attention During Divorce Grind.

A pair of big brown eyes that seemed to melt at times as the heart of the man beat faster attracted the attention of scores of lawyers, jurymen and courthouse attaches in the divorce mill yesterday.

The owner of the eyes was a young woman of 24 who looked as though she might be hardly out of her teens. She avoided the looks that would drift toward her from time to time, and while she was the prettiest woman in the room, she seemed to avoid attention rather than court it.

Finally she was called to the stand as a witness.

"I know that woman couldn't be sent for a divorce," remarked a crusty looking old lawyer. "No man would ever fall out with her," he added.

The young woman told a humiliating story of going into the bedroom of her husband in the night, and finding him in the arms of another woman.

On Wednesday Judge W. D. Ellis called the case of "Nash v. Nash" and the girl gave her name as Mrs. Nettie Nash. She was 24 years of age.

THURMOND ATTACKS HIS MOTHER-IN-LAW IN DIVORCE COURT

Declaring that his wife had forced his mother-in-law to leave his home, he attacked her in the divorce court.

Thurmond claims that his wife and mother-in-law sought to rid themselves of him and to escape to Texas with his money while he was in jail. He says the greater part of the blame on the mother-in-law. He declared that she had five husbands, four of them supposed to be living, and one dead under mysterious circumstances.

BATSON TO LAUNCH HYDRO-AEROPLANE WITHIN TWO WEEKS

Savannah, Ga., October 9.—(Special.) The Batson hydro-aeroplane will be launched from the aerodrome on Dutch island, within the next two weeks.

This authentic statement was made this morning by the inventor, Captain Matthew A. Batson.

It was learned from the same source that the name of the air and water navigator and the personnel of the crew will be selected probably at the last moment.

After the launch, the hydro-aeroplane will be used for the purpose of establishing an air mail route between Savannah and St. Louis.

POLICE HOT ON TRAIL OF SUSPECTED "DIPS"

Complaints Indicate That Pickpockets Are Busy on the Downtown Streets.

The police late Thursday started a round-up of all suspected "dips," the slang term for pickpockets. During the past few days several complaints have come to the detective bureau of persons having been robbed by pickpockets in the downtown streets.

M. H. Manning, of 415 Spring street, reported a loss of \$15 and two checks taken from a wallet which was in his hip pocket, as he walked down Peachtree street.

J. E. Chann, of Woodbury, Ga., lost a gold watch valued at \$100, which was attached to his watch on Friday. The gold watch was attached to the ribbon by gold wire and the wire looked as if it had been cut with nippers.

For Third Time Great Crowd Hears The Constitution Detail

The Constitution again today opened its detail to all who will come to Atlanta and Forsyth streets at 1 o'clock.

The crowd that gathered in front of the Constitution yesterday was much larger than the one which crowded the streets on Tuesday and Wednesday.

None of the enthusiasm which has marked the world's series games was found lacking when the "play" detail was shown from the Constitution. The detail was shown from the Constitution, and the crowd was much larger than the one which crowded the streets on Tuesday and Wednesday.

MORE DELIGHTFUL WEATHER SCHEDULED FOR THE NEXT WEEK

Fair weather is still the forecast of the weather bureau, and it appears that the week ahead is due to continue for a good while longer.

Normal and consequent climate changes seem to have been brought about by these days. On Wednesday a storm front up the Atlantic coast, but it was too far to the east to affect the weather here.

Those areas of low and high pressure which have been moving downward from the northwest have cleared around and passed to the side of Atlanta and the pleasant days continue.

For nearly a week the average high temperature of the noon time has been about 80 degrees, and at night the thermometer has gone down to about 55 degrees, making the atmosphere quite comfortable.

Hubbard Bros. & Co.

New York, October 31.—Again the markets have been under the pressure of the bearish ideas held in Europe regarding the cotton crop this season. They failed to buy cotton in America and are now eagerly accepting crop estimates which would lead them to believe that a yield of from 4,140,000 to 12,560,000 bales is as much a possibility as 10,000,000.

Heavy selling from Europe has been the feature for a week past and has brought about a liquidation of the market and a decline and created, in turn, a very bearish feeling in this market. On the decline today the American spinners have been constrained to close out their inventories, absorbing a large proportion of the offer-
